

## Our Mission...

We are dedicated professionals who believe in;

- Safety First
- Integrity & Respect
- Strive for Perfection
- Client Satisfaction
- Being the best in the Industry
- Building Partnerships

What can we pinpoint for you?

Pinpoint Drone Imagery, LLC

11601 Shadow Creek Pkwy #1111-505  
Pearland, TX 77584

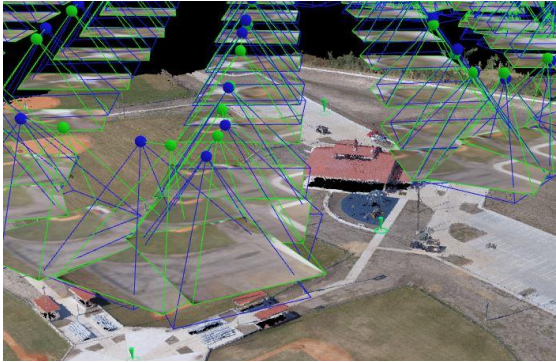

[Recipient Name]  
[Address]  
[City, ST ZIP Code]

# Pinpoint Drone Imagery LLC

---

A Houston based company that acquires aerial imagery from unmanned aircraft to produce high quality, accurate data into video, oblique imagery, ortho-imagery, 3d modeling, volumetric analysis, site planning and visualization to support the challenges the Industry faces and to allow better decision making.

## Making ordinary Images into extraordinary Data

An unfolding market we all can benefit from!

- Time and Cost savings
- Environmentally safe
- Minimize risk impact
- High level of detail
- Visual planning & analysis

### The process...

1. Send us your site location for Airspace Analysis.
2. If no issues, review your goals, site requirements and schedule.
3. Upon approval, we will obtain signed consent to fly the subject tract as required by the State of Texas.
4. We'll plan a flight risk and safety analysis prior to deployment.
5. Run the flight mission for data acquisition.
6. Process and deliver!

## Market Interest

Multiple uses for multiple industries. How can you benefit from this technology?

### Land Broker

- Perspective photos
- Raw video
- Aerial image of entire property

### Land Developer

- Aerial image
- Images during construction life cycle
- Site planning support
- 3D perspective of site
- 3D site model video tour

### Construction / Engineering

- Ortho-imagery
- Point data
- 3D Visualization
- Site analysis support
- Oblique site photos
- Raw video
- Volumetric analysis

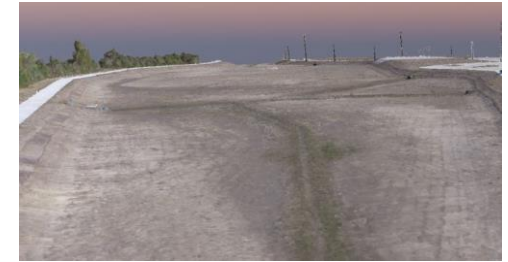

### Dirt Contractor / Mining / Landscape

- Aerial image
- Volumetric analysis

### Survey support

- Elevation data for cleared tracts
- As-built support

## About us

We have over 30 years combined in engineering design using programs for GIS and CAD platforms on detailed design in Civil, Land Planning, Land Development, Transportation and Oil/Gas industries. We take pride in what we do and look forward to assisting in your daily challenges!
